

CHPP Permanent Maintenance Contract

MORANBAH NORTH MINE, QUEENSLAND

PROJECT OVERVIEW

CLIENT: Anglo American
DURATION: 2016 - current
ENVIRONMENT: Brownfield

On the back of the success of the CHPP permanent maintenance model at Blackwater and Saraji, G&S Engineering have recently secured this contract with 30 full time personnel onsite, including supervision, administration, mechanical trades, electrical trades and non-trades roles.

The key scope of this contract is to inform the planning process, execute planned and unplanned maintenance days, as well as the annual major shutdowns.

**SAFETY IS OUR FIRST
CONSIDERATION**
